

QUICKEN FOR MAC 2007 CONVERSION GUIDE

A step-by-step tutorial for successfully modifying Quicken for a smooth transition.

Introduction

As Horizon Bank completes its system conversion, you will need to modify your Quicken settings to ensure the smooth transition of your data. To complete these instructions, you will need your [User ID and Password] for the Horizon Bank website. **NOTE:** *Direct Connect may require registration. Please contact your financial institution to verify your Direct Connect login information.*

It is important that you follow these instructions exactly as described and in the order presented or your online banking activity may stop functioning properly. This conversion should take about 15-30 minutes.
